

LETTER TO THE EDITOR

Dear Doctor Striffler:

I have just finished perusing the winter issue of the *Journal of Public Health Dentistry* and thought you might like to know how delighted I was with it.

The mixture of scientific information, helpful news for all of us and topped by the truly amusing sections dealing with the English language, etc., struck me as being really superb.

Perhaps you don't get many letters like this and certainly you should get more. One of us wanted you to know that I appreciate your efforts.

Best regards,
Paul C. Reid, DMD, MPH
