

# SAEM Survey on Physician-Industry Relations

## Personal Characteristics

**Gender**      Male      Female

**Age**

**Years in Practice**

**Race** (Circle)      White      African-American      Hispanic      Asian      Other \_\_\_\_\_

**Professional Degrees** (Circle all that apply)      MD      DO      PhD      MS      MPH      MBA

**Academic Rank** (Circle regardless of modifiers)      None      Instructor      Assistant Professor      Associate Professor      Professor

**Positions Currently Held** (Circle all that apply)

	Chairman	Vice-Chairman (equivalent)	Residency Director	Asst/Assoc Research Director	Research Director	Asst/Assoc Residency Director
		Medical/Clinical Director	Medical Student Director	Other _____		

**Areas of Expertise** (Circle all that apply)

	Infectious Disease/Sepsis	Cardiovascular	Trauma/ Injury Prevention	Pediatrics	Pulmonary
	Toxicology	EMS/Disaster	Neurology	Other _____	

Are you a peer-reviewer for a medical journal?      Yes      No

Are you on the editorial board of a medical journal?      Yes      No

Are you involved in creating clinical practice guidelines at your institution?      Yes      No

## Practice Environment

**Setting** (Primary practice environment)

Your primary practice location?      Urban      Rural

Your primary hospital is considered?      Public      Private

In your hospital Emergency Medicine is a?      Department      Division      Neither

What residents train in your department?      EM      Other      Neither

Do medical students train in your department?      Yes      No

Is your department related to a university?      Attached      Affiliated      Neither

**Professional Interactions**

**With regard to your own experience in the last year with any biomedical Industry source:**

Have you accepted drug samples?	Yes	No
Have you accepted food or beverages in your workplace?	Yes	No
Have you accepted tickets to a cultural or sporting events?	Yes	No

**Academic Interactions**

**In the past year:**

What is the total amount of funding you have received for research from any source? \$ \_\_\_\_\_

Direct costs

If you received funding, where did it come from?

<b>Public</b> (federal or state)	_____ %
<b>Private</b> (foundation)	_____ %
<b>Industry</b> (for profit)	_____ %
<b>Intramural</b>	_____ %
<b>Total</b>	<b>100%</b>

## Personal Opinions

Please answer the following Industry questions with regard to sources that might influence your clinical decision making:

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
I would feel comfortable <b>talking</b> to an Industry representative in the <b>clinical</b> setting.	1	2	3	4	5
I would feel comfortable <b>talking</b> to an Industry representative in a <b>non-clinical</b> setting.	1	2	3	4	5
I would feel comfortable accepting nominal <b>gifts</b> (e.g. meals) from an Industry representative in the <b>clinical</b> setting.	1	2	3	4	5
I would feel comfortable accepting nominal <b>gifts</b> (e.g. meals) from an Industry representative in a <b>non-clinical</b> setting.	1	2	3	4	5
I would feel comfortable acting as a paid <b>consultant</b> for Industry.	1	2	3	4	5
I would feel comfortable acting as a paid <b>speaker</b> at a CME event even if it were sponsored by Industry.	1	2	3	4	5
I would feel comfortable if SAEM accepted <b>unrestricted educational grants</b> from Industry.	1	2	3	4	5
The <b>Annual Meeting</b> for SAEM would benefit from the addition of Industry sponsored <b>Satellite Symposia</b>	1	2	3	4	5
An Industry sponsored <b>CME lecture</b> can be presented in a fair and unbiased way.	1	2	3	4	5
Direct person to person <b>marketing</b> through representatives has an influence on my medical decision making.	1	2	3	4	5
My participation in Industry sponsored research has provided <b>financial support</b> for other research endeavors.	1	2	3	4	5
My participation in Industry sponsored research has introduced me to collaborators <b>WIITHIN</b> Emergency Medicine.	1	2	3	4	5
My participation in Industry sponsored research has introduced me to collaborators <b>OUTSIDE</b> of Emergency Medicine.	1	2	3	4	5
My participation in Industry sponsored research has resulted in <b>publications</b> .	1	2	3	4	5
	1	2	3	4	5
The Pharmaceutical and Biotechnology <b>Industry</b> has <b>no influence</b> on my clinical decision making.	1	2	3	4	5
<b>Industry sponsored research</b> produces <b>biased</b> results.	1	2	3	4	5
The <b>SAEM Annual Meeting</b> has remained an <b>unbiased</b> forum because it has not permitted Industry sponsorship.	1	2	3	4	5
Industry representatives should have <b>restricted access</b> to <b>residents</b> and <b>students</b> .	1	2	3	4	5
<b>Honoraria</b> for speakers introduces <b>bias</b> when provided by Industry.	1	2	3	4	5
	1	2	3	4	5
	1	2	3	4	5
