

**Methods for the Detection of *S*-Nitrosothiols and Nitric Oxide in Blood and Breath**

by

Natalie R. Crist

A dissertation submitted in partial fulfillment  
of the requirements for the degree of  
Doctor of Philosophy  
(Chemistry)  
in The University of Michigan  
2012

**Doctoral Committee:**

Professor Mark E. Meyerhoff, Chair  
Professor Raoul Kopelman  
Associate Professor Kristina Hakansson  
Associate Professor Joerg Lahann

*“We have an unknown distance yet to run, an unknown river to explore.  
What falls there are, we know not;  
what rocks beset the channel, we know not;  
what walls ride over the river, we know not.  
Ah, well!”*

~John Wesley Powell
