My Bibliography in My NCBI is to be used by eRA Commons users to manage their professional bibliographies, associate publications with their grant awards, and ensure compliance with the NIH Public Access Policy.
The Integration

Allows Commons users to benefit from My Bibliography’s ability to populate citation data from PubMed, PubMed Central, and the NIH Manuscript Submission System.

Allows NIH grantees the ability to easily track compliance with the NIH Public Access Policy using a simple color-coded key in My Bibliography.

Allows for the association of the My Bibliography citations with progress reports.
