- A major visible presence!!!

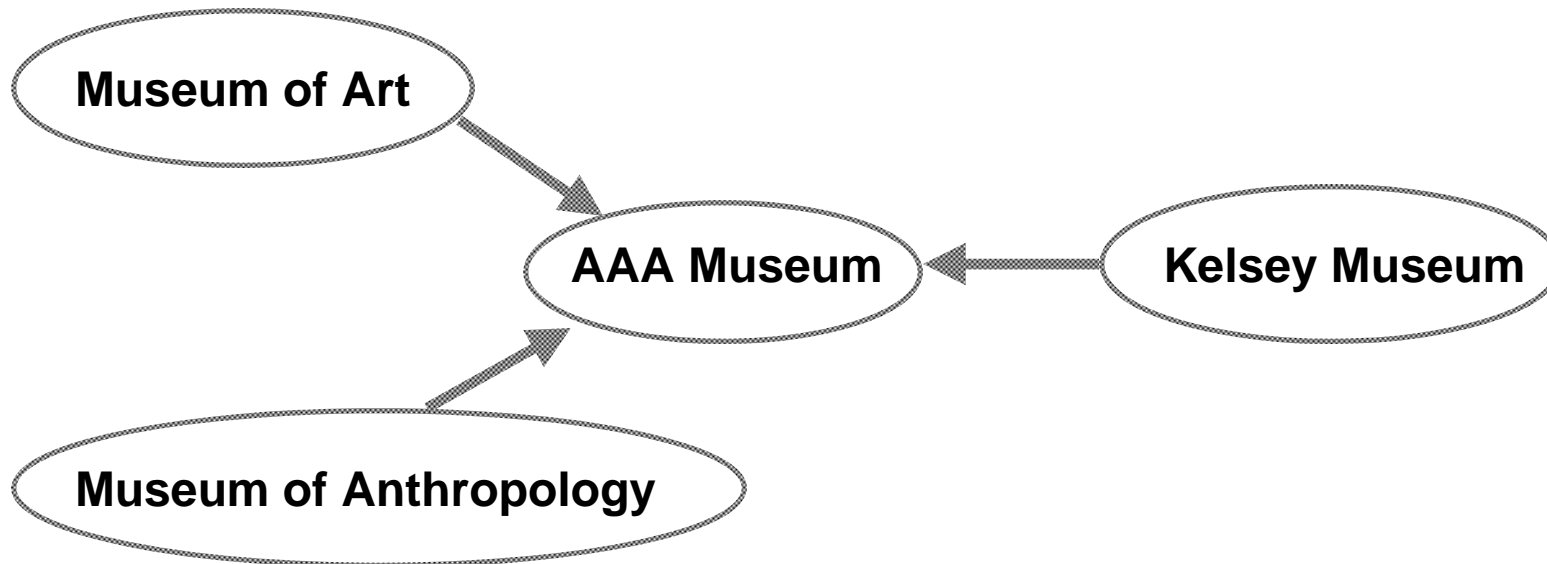

General Central Campus Needs:

- Exhibition Galleries

Programs:

Concept #1: "Art-Archeology-Anthropology Museum"

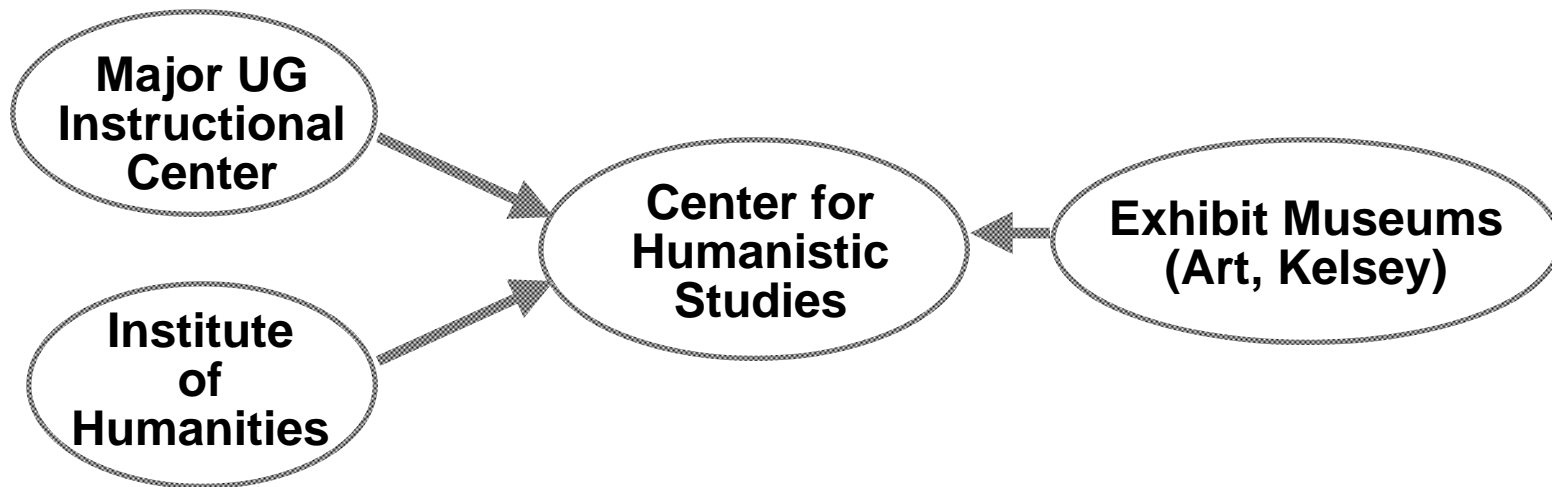

Functions: Archives, Research, Exhibition
(analogous to Sackler Museum at Harvard)

Problems:

- geographically awkward
- administrative nightmare
- sidetrack Kelsey and Anthropology projects
- little grassroots support (particularly from LSA)

Concept #2: "Center for Humanistic Studies"

Functions: Teaching, exhibition, scholarship, gathering, performance
(the "humanities" equivalent of Harvard Science Center)

Advantages:

- undergraduate focus ==> strong LS&A support
- important symbol of UM commitment to UG education
- weave collections into instruction

Disadvantages: archive space? research space? Kelsey?

Site #1:

- Advantages:**
- central location for "visitors"
 - axis with Rackham (graduate vs undergraduate)
 - "entry" building to campus

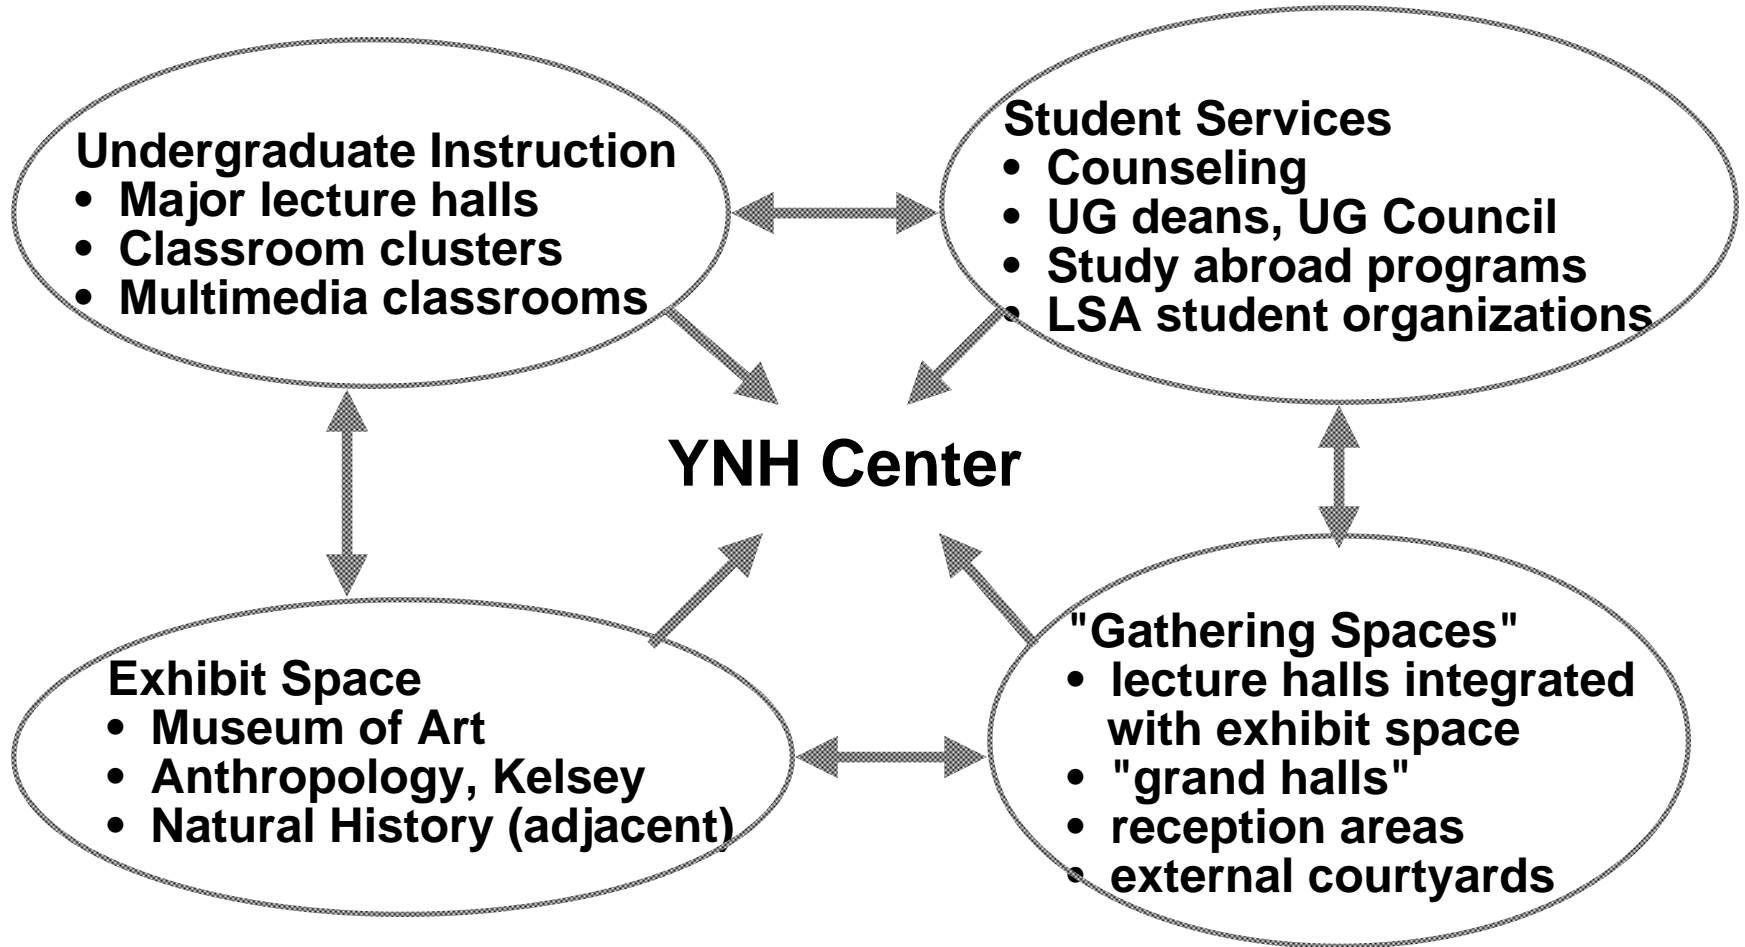

- Problems:**
- parking
 - not central to undergraduate programs
 - constrained (small) site

Site #2

- Advantages:**
- **central location for undergraduate programs**
 - **proximity to undergraduate residence halls**
 - **center of performance/exhibition spaces**
 - **proximity to Anthropology, Natural History**
 - **only remaining large site on Central Campus (estimated 500,000 nsf available)**
 - **easy public access from Washtenaw/Huron**
 - **planned expansion of parking deck**
