Governor's Conversation

Importance of establishing a firm communication line

We have been loyal members of your team
working together to rebuild this state...

Important that our staffs not get in the way

We do have some challenges:

- i) Restoring Michigan to leadership in support of higher ed
- ii) Major capital facilities needs...
...bottled up over past several years
- iii) Inadequate tax base
- iv) Some divisive issues

...Bowman
...Solomon

But, it is important for you to understand that I...and UM...
really do want to help you...and to help this State.

Furthermore, it is clear that we need your help and your
leadership
