SUMMIT

UNIVERSITY OF MICHIGAN–DEARBORN | SCHOOL OF MANAGEMENT

SUMMIT

Mentors provide an invaluable service to children. They can be the role models, the encouragement, or the ones who teach a child to dream outside of the neighborhood. A mentor can mean the difference between a college graduate and high school dropout. The difference between gainfully employed or chronically unemployed. A mentor can mean the difference between a home or a prison cell.

The 2003 Children's Summit is a chance for the community to come together to share their thoughts on mentoring our children. It is a forum for ideas. For planning. To learn what works, and what doesn't. The summit is a call to action. To connect the needs of children with the gifts of adult mentorship. Many of us have had mentors in our life. Now we can take this gift and pass it on.

There is no charge to attend the Children's Summit.
For more information please call Child's Hope at 313.583.6401.
