| There is no required text for the class. However you will be required to purchase Mastering Physics online. | | | | | | | |
| Students may choose to purchase they can purchase the electronic version of the textbook (University Physicsed.13 by Young and Freedman) together with the Mastering Physics registration, ONLY if they so desire. For students that will take Physics 140 or 240 later on that textbook is a requirement; for students wanting to take Physics 135 or 235 later, that textbook is not a requirement but it could make a very good supplement material to the officially required Coursepack. Moreover, all the physics classes mentioned above (120, 135, 140, 235,240) assign all their homeworks from the same mentioned textbook in addition to using the same common web-based homework software - MasteringPhysics. More information will be given the first day of class. | | | | | | | |

Experiencing Music Composition

Taught by Michele Kaschub, Professor of Music and Coordinator of Music Teacher Education at the University of Southern Maine School of Music. This workshop is designed to provide a comfortable learning environment where you can explore your own artistry and creativity, experience a range of pedagogical approaches designed for classroom and ensemble settings, and master the skills of planning, facilitating, and assessing student work.
