

## **Medical Student Feedback Initiative**

Kathryn Marchetti

2018

UMMS Capstone for Impact

Branch: Procedures Based Care

Project Summary

We are trying to improve clinical feedback via medical student focused interventions.

### **Action Items/Outcome**

submission of abstracts to local conference (due Jan/Feb),

submission of manuscripts x2 s/p submitting abstracts,

possibly developing medical student curriculum focused on improving their ability to give feedback

### **Conclusion/Reflection**

Participating in branches has been an outstanding opportunity! Please see video for additional conclusions.
