MICHIGAN RESEARCH EXPERTS
https://experts.umich.edu

ELEMENTS
Research Information Management solution for data collection, curation and enrichment.
Profile data claimed or added by UMich researchers is used to automatically populate downstream systems including Dimensions Profiles, UMich Deep Blue Repository and other reporting tools

DEEP BLUE
Institutional Repository (Dispace)

ELEMENTS
Research Information Management solution for data collection, curation and enrichment.
Profile data claimed or added by UMich researchers is used to automatically populate downstream systems including Dimensions Profiles, UMich Deep Blue Repository and other reporting tools

DEEP BLUE
Institutional Repository (Dispace)

DIMENSIONS
Discovery and analysis platform for data fed from UMich Elements system. Currently includes:
- 4,859 experts
- 260,566 publications
- 17,660 grants
- 11,901 patents
- 1,895 clinical trials

DIMENSIONS PLUS
Richly interlinked research database used by UMich to analyze global research and contextualize their work. Currently includes:
- 97m publications
- 4.5m grants
- 420k clinical trials
- 36k policy documents

RT2 - Repository Integration

Add a to-do

- Confirm all possible ways of how content is currently ingested into the IR. 2 comments (Completed by Jim Ottaviani on 12 Sep)
- If you have an existing IR, how many items does it currently contain? 3 comments (Completed by Jim Ottaviani on 12 Sep)
- What repository platform is your IR based on? 2 comments (Completed by Igor Kondrashov on 11 Sep)
- Do you require one way or bidirectional sync? 2 comments (Completed by Igor Kondrashov on 11 Sep)
- If you use a third party to host or maintain your IR please confirm provider. 1 comment (Completed by Igor Kondrashov on 11 Sep)
- Do you maintain the IR server in-house or is it a hosted service? 2 comments (Completed by Igor Kondrashov on 11 Sep)

RT2 - Preparation

Add a to-do

- Confirm that Deep Blue folks can log in to their Elements accounts 1 comment (Completed by Rebecas Welzenbach on 11 Oct)
- Review repository tools integration documentation 8 comments (Completed by Jim Ottaviani on 2 Oct)
- Beeswarm training for the Deep Blue Team (Jim Ottaviani, Martha Stitt, Jose Blanco, Becky Welzenbach). We want to make sure we’re following best practices and that we assign appropriate roles (who checks off that tasks are complete, etc.) – Not sure who to assign this to, so starting w/ Igor. Please re-assign as appropriate. Or, if it’s a fill session doesn’t seem needed, perhaps we can confirm practices and roles on our next weekly call. (Completed by Igor Kondrashov on 25 Sep)
- Create a table of all the metadatas in DeepBlue 2 comments (Completed by Igor Kondrashov on 25 Sep)
- Configure the repository API 5 comments (Completed by Igor Kondrashov on 25 Sep)
- Provide details of current repository software 1 comment (Completed by Igor Kondrashov on 30 Aug)
- Ports and Firewalls (Completed by Igor Kondrashov on 10 Aug)
- Request Repository Licence from Symplectic (Completed by Igor Kondrashov on 10 Aug)

RT2 - Harvest Crosswalks

- Test and review crosswalk (1 week) Jim Ottaviani · Mon, Nov 12
- Adjust and retest crosswalk (1 week) Evelina Bucig · Mon, Nov 19
- Enable harvest (1 day) Jim Ottaviani · Tue, Nov 20

RT2 - Deposit Crosswalks

- Test and review crosswalk (1 week) Jim Ottaviani · Mon, Dec 10
- Adjust and retest crosswalk (1 week) Evelina Bucig · Thu, Dec 13
- Enable deposit (1 day) Jim Ottaviani · Fri, Dec 14
