The Michigan Research Experts
Information Architecture

UNIVERSITY OF MICHIGAN FEEDS
- Person metadata
- Grants metadata

SHIBBOLET SSO
User authentication to support single sign on

EXTERNAL DATA FEEDS
- Dimensions
- Scopus
- Google Scholar
- Web of Science
- arXiv.org
- Crossref
- Europe PubMed Central
- CINii
- PubMed
- RePEc
- dblp

Altmetric
Online attention tracking for over 12m outputs

MICHIGAN RESEARCH EXPERTS
https://experts.umich.edu

Dimensions
DIMENSIONS PROFILES
Discovery and analysis platform for data fed from UMich Elements system. Currently includes:
- 4,889 experts
- 240,564 publications
- 17,640 grants
- 11,901 patents
- 1,895 clinical trials

Dimensions
DIMENSIONS PLUS
Richly interlinked research database used by UMich to analyse global research and contextualise their work. Currently includes:
- 97m publications
- 4.1m grants
- 424k clinical trials
- 361k policy documents

DEEP BLUE
Institutional Repository (Dspace)

Elements
Research Information Management solution for data collection, curation and enrichment. Profile data claimed or added by UMich researchers is used to automatically populate downstream systems including Dimensions Profiles, UMich Deep Blue Repository and other reporting tools

Elements
Data source for additional UMich Grants, Patents and Clinical Trials not yet captured in Elements

readcube
Enhanced PDF Viewer for OA articles in Dimensions Profiles and Dimensions Plus

This is a diagram showing the underlying information architecture and connections behind Michigan Research Experts.
**RT2 - Repository Integration**

Add a to-do

- Please confirm all possible ways of how content is currently ingested into the IR. [2 comments](Completed by Jim Ottaviani on 12 Sep)
- If you have an existing IR, how many items does it currently contain? [3 comments](Completed by Jim Ottaviani on 12 Sep)
- What repository platform is your IR based on? [2 comments](Completed by Igor Kondrashov on 11 Sep)
- Do you require one way or bidirectional sync? [2 comments](Completed by Igor Kondrashov on 11 Sep)
- If you use a third-party to host or maintain your IR please confirm provider. [1 comment](Completed by Igor Kondrashov on 11 Sep)
- Do you maintain the IR server in-house or is it a hosted service? [2 comments](Completed by Igor Kondrashov on 11 Sep)

**RT2 - Preparation**

Add a to-do

- Confirm that Deep Blue folks can log in to their Elements accounts. [1 comment](Completed by Rebecas Welzenbach on 11 Oct)
- Review repository tools integration documentation. [8 comments](Completed by Jim Ottaviani on 2 Oct)
- Boscamps training for the Deep Blue Team Jim Ottaviani, Martha Stull, Jose Blanco, Becky Welzenbach. We want to make sure we're following best practices and that we assign appropriate roles (who checks off the tasks are complete etc). - Not sure who to assign this to, so starting with Igors. Please re-assign as appropriate. Or if a full session doesn't seem needed, perhaps we can confirm practices and roles on our next weekly call. (Completed by Igor Kondrashov on 25 Sep)
- Create a table of all the metadatas in DeepBlue. [2 comments](Completed by Igor Kondrashov on 25 Sep)
- Configure the repository API. [5 comments](Completed by Igor Kondrashov on 25 Sep)
- Provide details of current repository software. [1 comment](Completed by Igor Kondrashov on 30 Aug)
- Ports and Firewalls. [Completed by Igor Kondrashov on 10 Aug]
- Request Repository Tools Licence from Symplectic. [Completed by Igor Kondrashov on 10 Aug]

---

**RT2 - Harvest Crosswalks**

- **Test and review crosswalk (1 week)** Jim Ottaviani · Mon, Nov 12
- Adjust and retest crosswalk (1 week) Evelina Buiclag · Mon, Nov 19
- Enable harvest (1 day) Jim Ottaviani · Tue, Nov 20

**RT2 - Deposit Crosswalks**

- Identify functionality required for crosswalks Jim Ottaviani · Tue, Nov 27
- Build the crosswalk map file (at least 0.5 day per object type intended for deposit) Evelina Buiclag · Tue, Dec 4
- Take full backup of Elements, enable verbose logging, limit volume of data for testing phase (1 day) Evelina Buiclag · Wed, Dec 5
- Test and review crosswalk (1 week) Jim Ottaviani · Mon, Dec 10
- Adjust and retest crosswalk (1 week) Evelina Buiclag · Thu, Dec 13
- Enable deposit (1 day) Jim Ottaviani · Fri, Dec 14
