

# Nursing, Graduate Clinical Field Experience in Nakhon Ratchasima, Thailand

Dr. April Bigelow

## Experience

- Pair up with peers at the Institute of Nursing, Suranaree University of Technology in Nakhon Ratchasima (also known as Korat), about 3 hours northeast of Bangkok
- Work side by side for 2 weeks, with supervision by UMSN and local faculty
- Participate in innovative interdisciplinary case rounds, discuss care with community leaders, administrators and faculty
- Work in rural community clinical site to gain a community immersion experience and create a multi-level project based on community assessment
- Treat patients, conduct health screenings and make home visits
- Participate in excursions for an authentic Thai food cooking class and other local site visits.
