The DISCO Network presents

Tech x Social Justice Poetry Competition

Write a free form poem about the intersections of technology and social justice. The DISCO Network will award up to 3 prizes of registration ($200 each) for Allied Media Conference 2022 (June 30th - July 3rd). AMC2022 explores art, technology, education, media, and activism; it’s a great opportunity to engage in local community building for Michigan students. This year’s conference is hybrid with in-person events for local residents. Winning poems will also be published on the DISCO Network blog and the following issue of our DISCO Network Newsletter.

Submissions are due June 10th

Winners will be notified by June 15th
