</tr>
</thead>
<tbody>
<tr>
<td>Because of my money situation, I feel like I will never have the things I want in life.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>I am just getting by financially.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>I am concerned that the money I have or will save won’t last as long as I need it to.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Q2. In the past year, how often do the following statements apply to you?**

1. A great deal
2. A little bit
3. Very little or not at all

Data Source and Methods

This National Poll on Healthy Aging report presents findings from a national household survey conducted exclusively by NORC at the University of Chicago for the University of Michigan’s Institute for Healthcare Policy and Innovation. This survey module was administered online and by phone from February 22nd–March 12th, 2024 to a randomly selected, stratified group of U.S. adults age 50–101 (n=3,379), with an oversample of non-Hispanic Black and Hispanic populations. The survey completion rate was 44% among probability-panel members invited to participate. The margin of error is +/-1 to 4 percentage points for questions asked of the full sample and higher among subgroups.

The sample for the Michigan Poll on Healthy Aging included Michigan respondents ages 50-94 (n=1,079); 367 from the AmeriSpeak probability-based panel, and 712 from non-probability panels. The survey completion rate was 40% among probability-panel members invited to participate. The margin of error is +/-3 to 10 percentage points for questions asked of the full Michigan sample and higher among subgroups.
