I-Maps: Interactive Maps

- **I-Map 6.1:** Click here for a link to an interactive map showing building footprints and height (on mouse-over) as well as building address and street names (on mouse-over). Parcel boundaries are shown on the underlying aerial and on the green Downtown Development Authority (DDA) area. The Allen Creek floodway (underground) and flood plain are shown, shaded, respectively in blue and turquoise. Click on a building or a street to see associated entries in the underlying database.
- **I-Map 6.2:** Click here for a link to an interactive aerial showing parcel boundaries, zoning, building height (on mouse-over), and street name. DDA outline, only, is shown in light yellow so the user may zoom in to get a closer view of the aerial within the DDA (up to 800% enlargement--can see cars clearly). The Allen Creek floodway (underground) and flood plain are shown, outlined, respectively in blue and light blue; again, because the shading is removed, the viewer may look at the content of the floodway/floodplain in greater detail than above. Click on a building or a street to see associated entries in the underlying database.
- **I-Map 6.3:** Click here for a link to an interactive aerial showing zoning boundaries in the downtown, zoning type (on mouse-over), building height (in the "zoneht" record of the database), and street name. Click on a building or a street to see associated entries in the underlying database.
