

**The Synthesis and Exploration of Potential New Antagonists of the Wnt Signaling
Pathway: New Leads to Treat Colon Cancer? Or, Not Quite?**

by

Anjanette J. Turbiak

A dissertation submitted in partial fulfillment
of the requirements for the degree of
Doctor of Philosophy
(Medicinal Chemistry)
in The University of Michigan
2009

Doctoral Committee:

Professor Hollis D. Showalter, Chair
Professor John Montgomery
Associate Professor Anna K. Mapp
Assistant Professor Garry Dean Dotson

That which I am and the way that I am with all my gifts of nature and grace You have given to me, O Lord, and You are all this. I offer it all to You, principally to praise You and to help my fellow Christians and myself.

Unknown 14th century mystic, The Book of Privy Counseling
