Final Examination Schedule

Final Examinations

The examination time will be determined from the time of the first lecture, recitation or seminar period of the week. For courses having both lecture and recitation, the examination will be determined from the time of the first lecture period. Certain courses will be examined at special periods as noted. For courses not included in either the regular exam schedule or the special exam periods, the examination date and time will be determined by the mutual agreement of the instructor and the students in the course. If any student is assigned four examinations during the same day, the University Final Examination Committee will seek reassignment if so requested by the student during registration. All exams will be held in the regularly assigned room unless otherwise indicated by the instructor.

The Final Examination Period and Study Days are determined by the University Calendar Committee and approved by the Regents. No allowance is made and no approval is given by the Final Examination Committee for final examinations prior to the Final Examination Schedule. Approval will not be given for any examinations during Study Days. Final examinations scheduled for one date and time within the Final Examination Period may not be moved to another date

within the Final Examination Period without prior approval of the Final Examination Committee. Conflicts with regard to the published schedule will be reviewed by the Final Examination Committee. A written request is to be filed with the chairperson, Paul Robinson, University Registrar, 1524 LSA, no later than two weeks prior to the beginning of the Final Examination Period.

Special Examinations

Special examinations are arranged for multi-section courses having substantial enrollment to ease the burden of administering examinations. Students with Special Examination conflicts should contact the department.

For questions regarding the final examination schedule, phone (734) 763-2113 or e-mail finalexams@umich.edu.

Please read the Guidelines carefully before submitting an application. The Guidelines contain specific eligibility criteria and instructions for filing an application. It is recommended that applications be submitted at least 3 months prior to the proposed term of enrollment in order to ensure a timely response.

University of Michigan Residency Classification Guidelines

Purpose of the Residency Classification Guidelines

The University of Michigan enrolls students from 50 states and more than 120 countries. Residency Classification Guidelines have been developed to ensure that decisions about whether a student pays in-state or out-of-state tuition

are fair and equitable and that applicants for admission or enrolled students who believe they are Michigan residents understand they may be required to complete an Application for Resident Classification and provide additional information to document their residency status.

Circumstances Under Which You Must File a Residency Application

- If you claim Michigan resident status and any of the following circumstances apply, you must file an Application for Resident Classification and be approved to qualify for in-state tuition:
- you currently live outside the state of Michigan for any purpose, including, but not limited to, education, volunteer activities, military service, travel, employment.
- you have attended or graduated from a college outside the state of Michigan.
- you have been employed or domiciled outside the state of Michigan within the last three years.
- you are not a U.S. citizen or Permanent Resident Alien (if you are a Permanent Resident Alien, you must have a Permanent Resident Alien card).
- your spouse, partner, or parent is in Michigan as a nonresident student, medical resident, fellow, or for military assignment or other temporary employment.
- you are 24 years of age or younger and a parent lives outside the state of Michigan.
- you are 24 years of age or younger and have attended or graduated from a high school outside the state of Michigan.
- you have attended or graduated from an out-of-state high school and have been involved in educational pursuits for the majority of time since high school graduation.
- you previously attended any U-M campus (Ann Arbor, Dearborn, or Flint) as a nonresident.

Other circumstances may also require you to file a residency application. The University reserves the right to audit prospective or enrolled students at any time regarding eligibility for resident classification and to reclassify students who are classified incorrectly.

How to File a Residency Application

Residency applications and in-person assistance are available at the Residency Classification Office, University of Michigan Office of the Registrar, 1210 LSA Building, 500 S. State St., Ann Arbor, MI 48109-1382, phone (734) 764-1400. Business hours are 8 a.m.-5 p.m. weekdays. Applications can also be downloaded at ro.umich.edu/residency-application.pdf. Completed applications should be submitted to the Residency Classification Office.

Filing Deadlines

September 30 for Fall Term

January 31 for Winter Term

July 31 for Spring, Spring/Summer, and Summer Terms

Applications must be received in the Residency Classification Office by 5 p.m. on the deadline date.

The deadline date is always after the first day of classes of the term in which you are enrolling and seeking residency.

If the deadline falls on a weekend, it will be extended to the next business day.

These deadlines apply to all University of Michigan schools, colleges, and campuses. For the On-Job/On-Campus program only, filing deadlines are 30 calendar days after the first scheduled day of classes of the term applied for.

You may apply for resident classification for any term in which you are enrolled or intend to enroll.

Late applications will be assessed a nonrefundable \$300 late fee and will be accepted up to the last published day of classes of the term for which you are applying. Late applications received after the last day of classes will be processed

for the following term. In all cases, decisions will be based only on those facts that are in place by the original filing deadline for the term under consideration.

Required Documents

Along with the completed Application for Resident Classification form, you must submit the following:

- **for all applicants:** copies of your driver's license and the license(s) of the person or persons upon whom you are basing your claim to resident eligibility.
- **for all applicants:** copies of the front and signature pages of the most recent year's federal and state income tax returns and W2 forms for you and the person or persons upon whom you are basing your claim to resident eligibility.
- **for applicants born outside the U.S.:** verification of U.S. citizenship or visa status.
- **for applicants who are dependents (see section B-2):** copies of the front and signature pages of your parents' most recent year's federal and state income tax returns with accompanying W2 forms.
- **for applicants whose claim to eligibility for resident classification is based on permanent, full-time employment for themselves, a spouse, partner, or parent:** a letter from the employer, written on letterhead (including phone number), stating the position, status, and dates of employment. In addition to the letter, provide a copy of the most recent pay stub showing that Michigan taxes are being withheld.
- **for all applicants:** any other documentation that supports your claim to resident eligibility.

The Residency Classification Office may also request additional documentation after the initial review of your application. Applications and accompanying documentation will be retained by the University of Michigan in accordance with its policies and procedures. All information will be kept confidential to the extent permitted by law.

In making residency determinations, the University considers all information provided in or with an application, as well as any other available information relevant to the application. Decisions to approve a residency application are made when the applicant has presented clear and convincing evidence that a permanent domicile in the state of Michigan has been established.

The University of Michigan's Authority to Establish Residency Guidelines for Its Students

Because each of Michigan's public universities has autonomous authority to establish residency guidelines for admission and tuition purposes, guidelines vary by school and are independent of regulations used by other state authorities to determine residency for such purposes as income and property tax liability, driving, and voting. The University of Michigan's current Residency Classification Guidelines were approved by its Board of Regents to take effect Spring Term 2005 and to apply to students at all campuses.

The Board of Regents has authorized the Residency Classification Office in the Office of the Registrar on the Ann Arbor campus to administer the University's residency guidelines. If your activities and circumstances as documented to the Residency Classification Office demonstrate establishment of a permanent domicile in Michigan, you will be classified as a resident once your eligibility has been confirmed. If your presence in the state is based on activities or circumstances that are determined to be temporary or indeterminate, you will be classified as a nonresident.

Our Residency Classification Guidelines explain how you can document establishment of a permanent domicile in Michigan. To overcome a presumption of nonresident status, you must file a residency application and document that a Michigan domicile has been established. Eligibility criteria are explained in more detail in the sections that follow. Meeting the criteria to be placed in an "eligible" category does not mean that you will automatically be classified a resident. If you have had any out-of-state activities or ties, or if the University otherwise questions your residency status, you will need to confirm your eligibility to be classified as a resident by filing an Application for Resident Classification in a timely manner and by providing clear and convincing evidence that you are eligible for resident classification under the following Guidelines.

A. General Residency Guidelines

1. Circumstances that may demonstrate permanent domicile

The following circumstances and activities, though not conclusive or exhaustive, may lend support to a claim to eligibility for resident classification if all other applicable Guidelines are met:

- both parents/parents-in-law (in the case of divorce, one parent/parent-in-law) permanently domiciled in Michigan as demonstrated by permanent employment in the state, establishment of a primary household in Michigan, and severance of out-of-state ties. Applicant must also show severance of out-of-state ties.
- applicant employed in Michigan in a full-time, permanent position, provided that the applicant's employment is the primary purpose for his or her presence in the state and that out-of-state ties have been severed. If the applicant is married or has a partner, the employment must be the primary purpose for the family's presence in Michigan.
- spouse or partner employed in Michigan in a full-time, permanent position, provided that the employment of the spouse or partner is the primary purpose for the family's presence in the state and that out-of-state ties have been severed.

2. Circumstances that do not demonstrate permanent domicile

The circumstances and activities listed below are temporary or indeterminate and do not demonstrate permanent domicile. Individuals whose presence in Michigan and claim to Michigan resident status are based solely on one or more of the following are not eligible for resident classification:

- enrollment in high school, community college, or university.
- participation in a medical residency program, fellowship, or internship.
- employment that is temporary or short-term or of the type usually considered an internship or apprenticeship.
- employment of the spouse or partner of an individual who is in Michigan for temporary pursuits.
- employment in a position normally held by a student.
- military assignment in Michigan for the applicant or the applicant's spouse, partner, or parent (see section D for special military provision).
- payment of Michigan income tax and/or filing of Michigan resident income tax returns.
- presence of relatives (other than parents).
- ownership of property or payment of Michigan property taxes.
- possession of a Michigan driver's license or voter's registration.
- possession of a Permanent Resident Alien visa.
- continuous physical presence for one year or more.
- statement of intent to be domiciled in Michigan.

B. Additional Requirements, Definitions, and Special Circumstances

Even if one or more of the following circumstances applies to you, you may still need to file an application for resident classification. If you have had any out-of-state activity or have any out-of-state ties, you must submit an Application for Resident Classification by the filing deadline to request resident classification and confirm your eligibility. You must document that you meet all of the following applicable criteria to be eligible for resident classification and payment of in-state tuition.

1. Immigrants and Aliens

You must be entitled to reside permanently in the United States to be eligible for resident classification at the University. However, like U.S. citizens, you must also show you have established a Michigan domicile as defined in these Guidelines. The Residency Classification Office will review Applications for Resident Classification if you are in one of the following immigrant categories. You must provide official documentation showing your status.

- **Permanent Resident Aliens** (Must be fully processed and approved and possess Permanent Resident Alien card or stamp in a passport verifying final approval by filing deadline for applicable term.)
- **Refugees** (I-94 card or passport must designate "Refugee".)
- **Asylees** (I-94 card or passport must designate "Asylee".)
- **A, E, G and I visa holders** (Exception: Dependent children who hold an E visa are not eligible to be considered for resident classification.)

*Please note that individuals holding temporary visas, such as, but not limited to, F, H, J, K, Parolee, TN, TD, etc., are not eligible for resident classification at the University of Michigan regardless of their other circumstances.

2. Dependent Students

For University of Michigan residency classification purposes, you are presumed to be a dependent of your parents if you are 24 years of age or younger and (1) have been primarily involved in educational pursuits, or (2) have not been financially self-supporting through employment.

a. Residents

i. Dependent Student — Parents/Parents-in-law in Michigan If your parents/parents-in-law are domiciled in Michigan as defined by University Residency Classification Guidelines, you are presumed to be eligible for resident classification as long as you can demonstrate establishment of a Michigan domicile and severance of out-of-state ties.

ii. Dependent Student of Divorced Parents/Parents-in-law — One Parent/Parent-in-law in Michigan. If your parents/parents-in-law are divorced and one parent/parent-in-law is domiciled in Michigan as defined by University Residency Classification Guidelines, you are presumed to be eligible for resident classification as long as you can demonstrate establishment of a Michigan domicile and severance of out-of-state ties.

iii. Dependent Resident Student Who Remains in Michigan When Parents Leave the State. If you are a student living in Michigan with your parents and permanently domiciled in the state as defined by University Residency Classification Guidelines, you are presumed to retain resident status eligibility if your parents leave the state provided: (1) you have completed at least your junior year of high school prior to your parents' departure, (2) you remain in Michigan, enrolled full-time in high school or an institution of higher education, and (3) you have not taken steps to establish a domicile outside Michigan or any other action inconsistent with maintaining a domicile in Michigan.

b. Nonresidents

The University presumes you are a nonresident if you are a dependent student and your parents are domiciled outside the state of Michigan. (See exception under a-i and a-ii for married dependent students whose parents-in-law are domiciled in Michigan.)

3. Michigan Residents and Absences From the State

You may be able to retain your eligibility for resident classification under the conditions listed below if you are domiciled in Michigan as defined by University Residency Classification Guidelines and leave the state for certain types of activities. However, if you have been absent from the state, you must file an Application for Resident Classification by the appropriate filing deadline to request resident classification and demonstrate your eligibility.

a. Absence for Active Duty Military Service (U.S. Army, Navy, Air Force, Marines, Coast Guard, Officers in the Public Health Service), Non-Administrative Missionary Work, Peace Corps, AmeriCorps, or Similar Philanthropic Work

If you are domiciled in Michigan at the time of entry into active military duty, missionary work, Peace Corps, or similar service, you are presumed to retain your eligibility for resident classification as long as you are on continuous active duty or in continuous service and continuously claim Michigan as the state of legal residence for income tax purposes. If you are a dependent child of such an individual, you are presumed to be eligible for resident classification provided: (1) you are coming to the University of Michigan directly from high school or have been continuously enrolled in college since graduating from high school, and (2) you have not claimed residency for tuition purposes elsewhere.

b. Absence Due to Temporary Foreign Assignment

If you are a dependent student domiciled in Michigan with your parents immediately preceding an absence for a temporary foreign assignment with a parent's Michigan employer, you may retain your eligibility for resident classification provided (1) your family members hold temporary visas in the foreign country, and (2) you return directly to Michigan and remain in the state for educational purposes after leaving the foreign country.

c. Temporary Absence of Less Than One Year

If you are independently domiciled in Michigan immediately preceding a temporary absence of less than one year, you are presumed to retain eligibility for resident classification provided that out-of-state ties are severed upon your return to Michigan.

C. The Appeal Process

If you filed an Application for Resident Classification and were denied by the Residency Classification Office, you have recourse to an appeal process by filing a written appeal within 30 calendar days of the denial.

The Board of Regents established the Residency Appeal Committee to review decisions made by the Residency Classification Office. The Appeal Committee is chaired by the Vice President and Secretary of the University and includes two other University administrators, a faculty member, and a student. The Residency Coordinator and other staff members in the Residency Classification Office are not members of the Appeal Committee.

Appeals, which must be in writing, should be submitted to the Residency Classification Office. Please note that the written appeal must be received by the Residency Classification Office within 30 calendar days of the date on the denial letter. If the deadline falls on a weekend or University holiday, it will be extended to the next business day. If there is additional information you would like the Residency Appeal Committee to consider beyond the materials you have already submitted, you should submit that additional information, in writing, with appropriate supporting documentation, when you submit your written appeal. Your request and any additional information and documentation you provide will be forwarded to the Residency Appeal Committee with your original file.

All communications to the Residency Appeal Committee must be in writing. Personal contact with a member of the Committee

could disqualify the member from participating in the decision regarding your residency. The Residency Appeal Committee does not meet in person with students, and appearances on behalf of students are not permitted at appeal meetings.

After the Appeal Committee has completed its deliberations, you will receive the Committee's final decision in writing. This will conclude the appeal process for the term covered by the application. The University will not conduct any further review of the decision.

D. Special Provision for Active Duty Military Personnel Assigned to Michigan

Regular active duty military personnel who are on assignment in Michigan, as well as their accompanying spouses and dependent children, will be allowed to pay in-state tuition while they attend the University of Michigan, even though they will not be eligible to be classified as residents under the Residency Classification Guidelines. This provision applies to persons in the U.S. Army, Navy, Air Force, Marines and Coast Guard, and to officers in the Public Health Service. In order to request this special consideration, the student must submit a residency application by the applicable filing deadline and provide documentation demonstrating eligibility.

Warning: Misrepresentation or Falsification of Information Can be Costly

Individuals who provide false or misleading information or omit relevant information in an application for admission or for resident classification, or any other document related to residency eligibility, may be subject to legal or disciplinary measures. Students who are improperly classified as residents based on such information will have their residency classification changed and may be retroactively charged nonresident tuition for the period of time they were improperly classified.

Student Directory

Students may update their address and phone information on Wolverine Access. Please be advised that this information may be available to the university community and others in the following publications:

Student Directory

The Student Directory is printed by the Office of Student Publications every Fall Term. It is published and distributed free of charge to University students by the Office of Student Publications at 420 Maynard Street.

If you do not wish to have your information published in the Student Directory, you must notify the Office of Student Publications *during the first two weeks of Fall Term*. You may download a Student Directory Delete Form at <http://www.pub.umich.edu/studentdirectory/>. These forms are also available at a Registrar's Office Student Services Site *during the first two weeks of Fall Term*.

U-M Online Directory

The U-M Online Directory is provided by Information Technology Central Services (ITCS) and is accessible at <http://directory.umich.edu>. It is an online database of faculty, staff, students, alumni and groups. Each member of the U-M community has an entry in the directory. Information in the U-M Online Directory is updated monthly from the Office of the Registrar (for student entries) and Human Resources and Affirmative Action (for faculty and staff entries).

You may use this directory to locate the telephone numbers and electronic mail addresses of members of the University community. The directory is protected so that it cannot be used to produce *mass* mailing lists, but the information is otherwise publicly available to anyone with web access. In addition to the information obtained from the Registrar's database, you can add other information about yourself to the directory. For instance, your electronic mail address, fax phone number, a second campus address or phone number, or a short description.

Having information about yourself in the directory makes it easier for individuals on campus and around the world to communicate with you. Using this directory, your colleagues and friends can find your electronic mail address or telephone number. Furthermore, if you enter your local electronic mail address in the directory, you can use a simple, easy to remember electronic mail address in the form of yourusername@umich.edu for your entire time at U-M, and have your electronic mail forwarded to wherever you are currently receiving mail.

If you do NOT want to be listed in the U-M Online Directory, you have two choices:

1. Update your directory information online. Information about changing your entry is available in the online document, [The U-M Online Directory via the WEB: Finding and Changing Your Personal Entry \(S4276\)](#).
2. Fill out a Non-Disclosure of Information Request at a Registrar's Office Student Services Site. This will prevent the information from being published in the directory. Please be advised that updates from the Office of the Registrar to the directory occur monthly in batch.

For more details regarding the U-M Online Directory, please call the ITCS consultants at (734) 764-HELP.

Student Rights and Records

In carrying out their assigned responsibilities, many offices at the University of Michigan collect and maintain information about students. Although these records belong to the University, both University policy and federal law accord you a number of rights concerning these records. The following is designed to inform you concerning where records about you may be kept and maintained, what kinds of information are in those records, the conditions under which you or anyone else may have access to information in those records, and what action to take if you believe that the information in your record is inaccurate or that your rights have been compromised.

Because the University does not maintain all student records in one location, this document contains general information related to student records. By direction of the Regents, however, each office that maintains student records is required to develop a written statement of its policies and procedures for handling those records; that statement is available for you to examine in the particular office. In addition, copies of the University's "Policies on Student Records" and the pertinent federal law, the Family Educational Rights and Privacy Act of 1974 (FERPA), are posted on the bulletin board outside the Registrar's Office and are also available in all deans' offices.

Types of Records and Where They Are Located

If you are in any school or college except Rackham, your dean's office or counseling office has information concerning your academic progress: admissions application, test scores, letters of recommendation, copy of academic record, notes (if any) made by academic counselors, information about honors awarded and/or academic discipline imposed, and similar items. If you are a Rackham student, this information will generally be found in your departmental office; some will be duplicated in files kept at the Graduate Records Office at the Horace H. Rackham School of Graduate Studies.

Only two offices have records on all students. The Registrar's Office maintains information pertaining to your enrollment (registration) and your official academic record. The Student Financial Operations Office maintains information about charges assessed and payments made to your account.

The other offices listed at the end of this document will usually have information about you only if you have had dealings with them or utilized their services.

Student Rights

Once you attend, you have the following rights concerning your student records:

1. The right to inspect and review all material in your file(s) except:
 - Professional mental health treatment records to the extent necessary, in the judgment of the attending physician or professional counselor, to avoid detrimental effects to the mental health of the student or of others. These records may, however, be reviewed by a physician or other appropriate professional of your choice.
 - Financial information furnished by your parents in support of an application for financial aid.
 - Confidential letters of recommendation that were placed in your file prior to January 1, 1975.
 - Confidential letters of recommendation concerning admission, employment, or honorary recognition, for which you have waived access. (The University may not require you to sign a waiver in order to obtain services, but a person writing a recommendation may insist on a waiver as a condition for his or her writing it.)
 - Personal notes made by a faculty member or counselor that are accessible only to that person and are not shared with others.
 - Materials in any admissions files, until you have been admitted to, and have attended in the U-M school or college for which the materials were submitted.

Most offices will require you to file a written request if you wish to review your records. Sometimes the response will be immediate, but in most instances you should expect to wait several days; in no case, however, may the response be delayed more than 45 days from the date of your request. Also, once you have submitted such a request, no non-exempt material may be removed from the file in question until the matter is resolved.

NOTE: Federal law requires that an institution make copies of materials available to a student only if the failure to do so effectively prevents the student from reviewing his or her file (for example, if you were at some distance from Ann Arbor and could not readily come to the campus). Most offices at the University, however, will provide copies if you need them. You will probably have to wait several days for the copies and you will be charged not more than fifteen cents per page plus any postage involved. In certain instances, you may be directed to obtain copies from the office responsible for maintaining a particular record. For example, most offices will not copy transcripts (whether from U-M or another institution you have attended) that are in their files; rather, you will be advised to obtain them directly from the Registrar's Office here or at your former school.

2. The right to a hearing if you feel that (a) you have been improperly denied access to your records, (b) your records contain information that is inaccurate or misleading, or (c) information from your records has been improperly released to third parties. Each record-keeping office has a procedure for this purpose. The use of that procedure will result in one of the following:
 - If the head of the office involved agrees with your contention, he or she will see to it that the necessary corrective action is taken.
 - If the head of the office does not agree with your contention, you may request a hearing by a hearing panel or hearing officer designated by the unit's procedures.
 - If the decision of the hearing panel or hearing officer agrees with you, the necessary corrective action will be taken.
 - If the decision disagrees with you, you have the right to submit an explanatory statement, which must be included as a permanent part of your record
3. The right in most instances to control access to information in your records by persons or agencies outside the University. Within the University, information from your records will be made available to those staff members who demonstrate a legitimate educational interest consistent with their official functions for the University and consistent with normal professional and legal practices.
 - Except for directory information (see d below), however, persons outside the University - including your parents and/or spouse - will be given information from your records only (1) when you authorize it in writing, or (2) in connection with your application for or receipt of financial aid, or (3) in connection with studies conducted for the purpose of accreditation, development and validation of predictive tests, administration of student aid programs, or improvement of instruction, or (4) when disclosure is required in a health or safety emergency or by federal or state law or by subpoena. If information from your record is subpoenaed, you will be notified as quickly as possible. In addition, the results of a disciplinary hearing conducted by the institution against the alleged perpetrator of a crime of violence will be made available to the alleged victim of that crime
 - Each office is required to keep a record of all requests for non-directory information from your records made by persons outside the University, and to make that record available for you to examine.
 - Federal law requires that the University designate what it regards as directory information and which may, therefore, be released to those outside the University without specific authorization. The law also requires that each currently enrolled student be given the opportunity to direct that items designated as directory information not be released without his or her consent.
 - The University of Michigan has designated the following items as **directory information**: (1) name, (2) permanent and local address and telephone, (3) U-M school or college, (4) class level, (5) major field, (6) dates of attendance at the University of Michigan, (7) degree received and date awarded, (8) honors and awards received, (9) participation in recognized activities, (10) previous school(s) attended, and (11) height and weight of members of intercollegiate athletic teams.
 - You have the right to direct that directory information about you not be released, however, you should carefully consider the consequences of that action before making the decision to do so. Information is not withheld selectively. If you choose to have directory information withheld, it is withheld from everybody who inquires.
 - If you wish the University not to release those items designated as directory information, you must file a written request to that effect with the Registrar's Office during each term you are enrolled. If you elect to have the University not release this information, all items designated as directory information will be withheld.
4. The right to file a complaint to federal officials if you feel that there has been a violation of the rights afforded you under the Family Educational Rights and Privacy Act of 1974. The complaint must be submitted in writing within 180 days of the alleged violation to:

U. S. Department of Education

Term Withdrawals

Q: How can students withdraw from a term?

A: Withdrawing from a Term

Prior to the first day of the term (Check the [Academic Calendar](#) for dates) students can [disenroll](#) from the term, dropping all courses with no record and canceling term tuition and fees.

Once the term has begun students must contact their school/college or department (Rackham students) to obtain a Term Withdrawal Notice. Once completed and signed, the notice should be brought to a [Student Services Site](#) with photo identification for processing.

Students who register and subsequently withdraw after the term begins will be responsible for the [registration/disenrollment fee](#) regardless of their class attendance.

Term Withdrawals arriving in the Office of the Registrar by the dates listed below will be processed with the tuition adjustment listed. Students in Business Administration, Law School, Medical School and the School of Social Work should check their school calendars for deadline dates.
