Minutes of Special (Regular, Annual, Special) **Meeting held at** Township Hall

Date of Meeting February 21 - 1958 **Time** 8:00 P.M.

Present: Supervisor Morgan, Treasurer Lavender, Trustees Ernst, Haywood, Hatzel and Clerk Fleming.

Absent: Trustee High.

The meeting was called to order by Supervisor Morgan

The purpose of the meeting was to hold a Public Hearing regarding the lateral sewer systems which have been petitioned for by the south part of Oak Park Subdivision and by Supervisors Plat Subdivision.

Mr Herbert of Mc Namee, Porter and Seeley was present to explain the plans for the two lateral Sewer Systems and to answer questions.

Approximately one hundred residents and owners of property of the two areas were present for the Public Hearing.

Supervisor Morgan presented two plans for the south part of Oak Park.

1- This plan to have the south line of the system installed on the fifteen lots siding on the back line of the lots facing on Packard Road. This plan would require a construction easement on all the lots facing on Packard Road and also Maintenance easements on the fifteen lots siding on the back of the lots facing on Packard Road. The engineering estimates for this plan is 4.90 per front foot.

2- This plan to have the south line of the system installed on Packard Road. and would require no easements. Under this plan all the sewer lines would be in county roads and could no doubt be completed faster than Plan #1. The engineering estimates for this plan is 5.40 per front foot.

After a general question and answer period a Vote was taken and Plan #2 was adopted with no negative Votes.

Supervisor Morgan then presented the plans Supervisors Plat Subdivision.

Mr. Morgan explained that it would be necessary to obtain construction easements and easements for Maintenance for all the lines of this lateral and the short length of Trunk line. He further stated that due to the large lots approximately 125 x 300 ft. there will be fewer connections, unless the lots are subdivided, hence a much higher cost per ft. The cost is 9.80 per front foot.

Minutes of Special (Regular, Annual, Special) **Meeting held at** Office of Washtenaw Road Commission.

Date of Meeting February. 8. 1958 **Time** 9:30. A.M.

Present: Supervisor Morgan, Treasurer Lavender, Trustees Ernst, Haywood Hutzel and Clerk Fleming.

Absent: Trustee High.

The meeting was called to order by Supervisor Morgan.

The purpose of this meeting was to meet with Mr. Minier and Mr. Dick of the Washtenaw County Road Dept. to go over the Road matching program for 1957 and to formulate plans for our participation in the road improvement program for 1958.

Mr. Minier and Mr. Dick explained in detail with the use of maps and graphs the participation of Pittsfield Township and the matching funds by Washtenaw County in the road improvement program during 1957 and a summary of the period 1951 thru 1957.

It was agreed by the Board that 15,000.00 would be available for the road improvement program for 1958 and that Mr. Minier is to make up an improvement program to include two layers of chloride on all gravel roads, approximately 5000 yards of gravel and 2.000.00 for subdivision roads, which program not to total more than 15.000.00 as the Townships share.

Mr. Minier thanked the Board for the Townships participation in the road improvement program during the past 6 years and stated that this participation certainly has contributed greatly to the roads in the Township and that the roads are in a much better condition as a result of this program.

Motion Made, supported and carried to adjourn
