Minutes of Special Meeting held at A.A. City Hall
Date of Meeting January 26, 1961
Time 2 P.M.

Absent: None

Meeting with Guy Larcom & Fred Mammel.

The meeting was called to discuss the Swift Run Sewer problems:

Installation of two sewer meters to separate Pittsfield Village & Park Sewage from balance of Swift Run Sewer, to eliminate possible inequities in billings, was discussed. Decision was made to have city Engineer submit estimate on each meter installation. First to be installed was to be Oak Park branch.

Payments to the City are to be based on a six-month average taken from July through December 1959, in lieu of acceptable meter readings; monies to be taken from Swift Run Sewer Operation Fund as they become available.

City is to check readings of two meters, when available, and compare with previous billings and estimates to arrive at possible adjustments.

Current billings are to be paid monthly, and back bills to be paid against January 1st disputed balance of $1,569.18 as funds are available.

Meeting adjourned at 4 P.M.
