How do we evaluate digital editions/interfaces?

Promotion and Tenure for Digital Scholarship

An Open Letter to the Promotion and Tenure Committee at Texas A&M University, Department of English, upon their request for information about how to evaluate digital work for promotion and tenure.

The first thing to do in evaluating digital scholarship is to have clear institutional guidelines. Such guidelines should provide a framework that will ensure that all scholarship is evaluated on the same basis.

Guidelines for Evaluating Work in Digital Humanities and Digital Media

Introduction

The following guidelines are designed to help departments and faculty members implement effective evaluation procedures for hiring, reappointment, tenure, and promotion. They apply to scholars working with digital media as their subject matter and to those who use digital methods or whose work takes digital form.
